DIY salon style

■ **DIY makeup artist:** Learn from Aussie makeup god **Napoleon Perdis** (who boasts clients such as **Amanda Bynes** and **Debra Messing**, right) how to put on your best face without breaking the bank. All recommended **NP Set** products are \$15 at Target.

1. Mix your usual moisturizer (he likes Neutrogena) with **NP Set Liquid Veil** in "Buenos Aires" and apply to your whole face for a tanned look. (Low-maintenance girls can stop here and just throw on some mascara.)
2. Highlight cheekbones with two squirts of **NP Set Liquid Veil** in "Moscow"; dab onto eyelids as a shimmery shadow.
3. Three coats of **NP Set Pasarella Mascara** in black. Dip brush into mascara and apply as liquid liner, too.
4. Finish with pink lips — try **NP Set lip gloss** in "Hawaii" or "Island" for daytime and "San Francisco" lipstick for an evening look.
