I feel pretty

\$10

Sephora Professional Clear Natural Mascara, \$10, sephora.com

An essential to any summertime beauty kit, Sephora's Professional Clear Natural Mascara is ideal for naked-looking lashes with a slight sheen. Completely clear, this can be used on your eyelashes or to tame unruly eyebrows back into place. Show your great lengths without being overdone.

\$15

NP Set Lip Stain and Plumper (Star), \$15, npsetcosmetics.com

NP Set's Lip Stain and Plumper gives your lips a little va-voom while also keeping them fresh and minimalist. The sheer peach color brings out your summer sun-kissed skin while also plumping your lips. Flax seed softens your lips, while cinnamon stimulates circulation and enhances color and shape. It's perfect for that natural pouty look.
